

# POOL CAPACITY GUIDELINES

Crescent Town Club is happy to announce our Pools will be reopening on  
**Monday July 19<sup>th</sup>, 2021.**

Swimmers will no longer need to book swim times but there will be the following capacity guidelines for each section of the Pool. The maximum number of Members allowed in the Pool area at any one time is **30** (this includes anyone on deck and in the pools).

Below is the breakdown for the maximum number of swimmers for each area of the pools:

- 1) Maximum 2 swimmers per lane in the large pool
  - 2) Maximum 8 swimmers in the shallow end of the large pool
  - 3) Maximum 8 swimmers in the deep end of the large pool
  - 4) Maximum 8 swimmers in the small pool
- (**maximum capacity numbers above may need to be lowered to include anyone in the Pool deck area**).

It is expected that swimmers will ensure the area of the pool, they wish to swim in, still has space to allow for social distancing and within the maximum number of swimmers allowed, as above.

-Thank you for your cooperation.
